8. Power switch for warmer heating
 - Long press for heating on/off
 - Short press to change between standard and high temperature
9. Green indicator for standard heating temperature
10. Red indicator for high heating temperature
11. White indicator for flash lights working
12. Hole for strap loop

USE

The product is intended to provide instant power to a drained or low on power digital device. It is ideal for situation where a conventional charger or the mains socket is not available. Despite that it does not replace conventional chargers and only works on digital devices that have been normally charged at least once in the past.

Charging the warmer from an external power source

The warmer built-in battery can be charged via a USB port (7) using external power sources such as computers, adaptors or car chargers.

1. Connect the external charging source to the warmer's input (7) using the included cable.
2. The blue LEDs indicate the battery charge level.
3. When all 4 LEDs are lit the battery is fully charged.

Charging an external device via the warmer

Select the appropriate connector and connect it according to the picture

Note: USB 5V output for charging automatically on/off

CHARGING

This device can charge an iPhone 6/6S/7 approximately twice to full charge (using Power Bank function only)
Continuous heating up to 5 hours from full charge (using Hand Warmer function only)
Continuous lighting, up to 60 hours from full charge (using Flashlight function only)

WARMTH ON DEMAND

Long press the button (8) for heating on/off.
Short press (8) for changing between high (red) and standard (green) heat settings.

ILLUMINATION

Long press button (5) and the super bright white LEDs (11) will stay on/off.
Short press button (5) to switch between light settings (torch, SOS, strobe)

Specifications

Input voltage: 5V 2000 mA
Output voltage: 5V 2000 mA
Li-ion battery: 6800 mAh
Status indicators:

- Battery power (25% - 50% - 75% - 100%)
- Standard temperature (40 - 45 degree Celsius)
- High temperature (50 - 55 degree Celsius)

Size: 98.5 x 68.5 x 28.8 mm
Weight: 145g

ACCESSORIES

- Hand Warmer
- Carrying Bag
- Carrying Strap
- USB Cable
- Micro USB Connector
- iPhone Connectors
- Mini USB Connector
- Instructions
- Bike Holder

WARNING

Unauthorized conversion and/or modification of the device are inadmissible because of safety and approval reasons (CE). Any usage other than described above is not permitted and can damage the product and lead to associated risks such as short-circuit, fire, electric shock, etc. Please read operation manual thoroughly and keep for future reference.

SAFETY INSTRUCTIONS

We do not assume liability for resulting damages to property or personal injury if the product has been abused in any way or damaged by improper use or failure to observe these operating instructions. Subject to improper use, the warranty will become void.
